

SARATOGA

SPRINGS

SATELLITE

REEF

**The Saratoga Springs Satellite Reef, part of the worldwide Crochet Coral Reef project by Christine and Margaret Wertheim and the Institute For Figuring, is a community-made art installation. It will be on view in the exhibition *Radical Fiber: Threads Connecting Art and Science*, opening early 2022 at the Tang Teaching Museum.**

## HOW TO PARTICIPATE

Crochet a coral of any size, color, and form. Visit [bit.ly/SaratogaReef](http://bit.ly/SaratogaReef) for pattern instructions and to learn more.

Mail your creation with your name and email address to:  
Elizabeth Karp, Senior Museum Registrar  
Tang Teaching Museum, Skidmore College  
815 N. Broadway, Saratoga Springs, NY 12866

Please submit your coral by January 15, 2022.

## JOIN A CRAFT CIRCLE!

The Tang is hosting regular workshops, craft circles, and drop-in sessions throughout 2021. Visit [tang.skidmore.edu/calendar](http://tang.skidmore.edu/calendar) for upcoming events and check back often for new announcements.
